

# BOSS STRAPPING STARTER KITS

## BOSS Tiedowns & Strapping Kits

Boss has refined the process of material returns.

Their "White Strap Out / Orange Strap In" process offers multiples advantages:

- Allows material to be banded at the jobsite for SAFE RETURN to the lumber yard and FAST UNLOADING.
- With orange banding around it, the unit is EASILY IDENTIFIED as a material return.
- You can write the customer information on the banding so they can receive proper credit.
- Allows material to sit without warping or being damaged until it can be restocked!
