Autobag PS 125
SAP# 0122597000A20522

The Autobag® PaceSetter PS 125™ Tabletop Baggers are designed to bring simplicity, versatility, quality and value to hand load packaging applications. Operating at speeds up to 25 bags per minute, the PS 125 bagging systems offer innovative engineering in a simple, tabletop design.

The quiet, all-electric design does not require compressed air to run, making the unit highly adaptable in any low- to mid-volume production environment. Bags are automatically indexed, loaded by hand, then sealed using the Push-to-Seal™ function, a standard footswitch, or via automatic cycle control.

Specifications:

- Bag Sizes: W 2 to 10.5 in. , L 4 to 17 in.
- Bag Thickness: 1.0 - 4.0 mil
- Electrical: Universal Input 110V to 220V VAC, 50/60 Hz; 5.0/2.7 Amps
- System Size: H 22in. , L 19in. , W 22in.

Features:

- Next-bag-out printing feature ensure greater accuracy.
- Open load area and controlled seal bar.
- User-friendly display and job setup.
- Locking turntable and AutoThread feature provides easy bag access and changeover.
