MI 9750 Inkjet Printer
SAP# 0275101112270223B
SERIAL# CN23091465

Markem-Imaje high-resolution inkjet printers deliver crisp, reliable, and professional-quality coding for packaging applications where image clarity matters most. Designed for versatility and ease of use, these printers produce sharp text, barcodes, logos, and graphics on a wide range of substrates—including cartons, labels, and films. With fast setup, minimal maintenance, and consistent print performance, Markem-Imaje high-resolution inkjet technology helps manufacturers enhance brand presentation, ensure traceability, and maintain compliance without slowing down production.

Markem-Imaje delivers flexibility and stability with this next generation model, the 9750. Backed by four-plus decades of building dependable inkjet printers, the breakthrough 9750 incorporates the best of past, present, and future proof improvements so you can adapt easily to changing marketplace needs.

Specifications:

- Maximum print lines: Up to 5 lines
- Character height: 1.2 mm to 11.2 mm
- Print speed: Up to 6.6 m/s (application dependent)
- Fonts & codes: Text, logos, counters, and 1D & 2D barcodes including QR, DataMatrix, EAN, and GS1-compliant codes
- Print resolution: 71 dpi (G-Head)
- Ink system: Sealed, smart cartridge system
- Inks available: Black and colored inks, including MEK-free options
- Consumable reduction: Up to 50–60% reduction in ink and additive usage with consumable-saving modes
- User interface: 10-inch color capacitive touchscreen with icon-based navigation
- Printer dimensions: 305 × 418 × 621 mm (W × D × H)
- Power requirements: 100–240 VAC, 50/60 Hz, Approx. 60 W power consumption
- Construction: Stainless-steel cabinet, no retention zones for hygienic operation
- Interfaces: Ethernet, USB, RS-232, PLC I/O, encoder and sensor support
- Industry 4.0 ready: Supports smart connectivity, remote monitoring, and predictive maintenance through Markem-Imaje Connected Services
