Arpac Sidewinder
SAP# 0026SIDEWINDERLP0422

ARPAC Brand Sidewinder Model is a Semi-Automatic Turntable style pallet wrapper designed to maximize stretch film usage while ensuring the very best load unitization with up to 6,000 lb. capacity (4,000 lb. standard). Like all of our pallet wrappers, the Sidewinder Model is constructed of heavy-duty, welded steel structures designed for long life and machine stability. Complete with easy to use Allen-Bradley touchscreen HMI controls, the Sidewinder is an ideal solution for integrating pallet wrapping into your packaging process.

Specifications:

- Speed: up to 12RPM rotating table can deliver 25-40 loads per hour
- Variable carriage speed up to 21 FPM
- Electrical power requirements: 120 VAC, 1 Ph, 60 Hz, 12A
- Compressed air requirements: none
- Film Roll Diameter: 20" standard
- Film pre-stretch capability from 150% to 300% stretch factor (200% standard)
- LOAD HEIGHT RANGE - Low Profile: 81" H standard, 93" H, 105" H

Features:

- Heavy-duty, welded-steel construction
- Long range photo eye for automatic load height sensing
- Adjustable top and bottom LED wrap counters
- Allen-Bradley® power, control, and safety components
- Allen-Bradley MicroLogix™ PLC
- ANSI 50 Turntable drive system
- Cycle pause feature
- Manual job control for turntable
- Two available wrap patterns
- Dual automatic film rollers with manufacturer's lifetime warranty
- UL/CSA approved components
