### Markem-Imaje 9330 CIJ Printer SAP# 0275101030751222 SERIAL# CN23020076

Designed for low to medium duty applications, the CIJ printing machine 9330's unique flexibility can easily handle evolving printing needs and ensure quality coding for more than 8,000 hours of production. The 9330 industrial inkjet printers will cover all of your basic needs through the years. It is easy to use and to maintain and thanks to its modular Intelli'Swap design, changing the M6' ink circuit only requires six minutes and can be done on your own. Its Intelli'Inks portfolio covers a broad range of packaging types which allows you to keep the same printer throughout the years regardless of product evolution. Its automatic cleaning system coupled with its Intelli'Jet technology provides clean, hassle-free start-ups and quality codes, every time.

## Specifications:
