

Wulftec WCRT 200
Serial Number 23436-1**Product Description:**

The WCRT-200 conveyorized fully automatic rotary arm high-speed stretch wrapping system.

Our Automatic stretch wrappers maximize throughput and efficiency. They take care of everything; you only change the roll of film. An automatic stretch wrapper will save significant time and money.

The WCRT-200 can keep up with even the most demanding production rates. It can wrap almost anything. It is ideal for wrapping very light, very heavy, tall or unstable loads and also great in wash-down and dusty applications.
